

Travel Blog Website

Overview

A simple travel blog website featuring three destinations in Southeast Asia: Angkor Wat, Halong Bay, and Chocolate Hills. The project includes three pages: `index.html`, `about.html`, and `contact.html`, with styles in a `css` folder.

Structure

```
project-folder
├── index.html
├── about.html
├── contact.html
├── css
│   └── styles.css
└── README.pdf
```

Pages

- **Index Page:** Main page with blog content about the destinations.
- **About Page:** Information about the blog.
- **Contact Page:** Contact form for visitors.

Featured Destinations

- **Angkor Wat:** Temple complex in Cambodia.
- **Halong Bay:** Scenic bay in Vietnam.
- **Chocolate Hills:** Unique hills in the Philippines.

How to Use

1. Open `index.html` in a web browser.
2. Edit the HTML or CSS files to customize.
